

SUPERVISOR'S CORNER

By: Greg J. Goldstein, Town of Neversink Supervisor

Reminder The Town Hall will be closed on September 6th in observance of Labor Day.

Assessor's Office The Assessor's Office have been updating their Property Record Cards of property owners in the Town of Neversink. They will be visiting each piece of property and taking photographs between now and October. If you have any questions, please do not hesitate to contact Gene Froehlich and/or Joan McNeill at 985-2262 ext. 323, 319.

Burning Permit Reminder for those who have permits: *please remember to call 985-2262 ext. 320 and listen to the message prior to igniting any permitted open fire.*

Carbon Monoxide Alarms The New York State Fire Prevention and Building Code Council has adopted a rule implementing "Amanda's Law", which *mandates the installation of carbon monoxide alarms in most dwellings in New York State.* A copy of the regulations can be obtained from the Building Department at the Town Hall in Grahamsville. These regulations went into effect on February 22, 2010.

Dept. of Motor Vehicles The DMV will be at the Town Hall from 10 AM to 2:30 PM on September 16th and October 14th. At this time, they are not scheduled to be here in November.

Neversink Renaissance Many thanks to Lori Mickelson, Carol Smythe, Time and the Valleys Museum and all the volunteers on the beautiful job done on the cemetery restoration project. Several of our small cemeteries located throughout the town were cleaned up and are now identifiable by signs which were purchased through a beautification grant I was able to secure through Senator Bonacic.

Parks & Rec The Parks & Rec Office is open every Tuesday from 3-6 PM at the Town Hall. Director Jamie Brooks is available at that time for sign-ups and to answer whatever questions you may have.

Sewer Project Update I would like to take this opportunity to thank the homeowners that endured the process of extending the Grahamsville sewer district as I know it was not always easy, but we did prevail and the benefit of this new sewer extension will be realized over the years.

Stream Management Program The Sullivan County Soil & Water Conservation District and NYC DEP, along with cooperation from the Towns of Neversink and Denning will be developing stream management plans for the upper Rondout Creek and the East and West Branches of the Neversink River. It is through this effort that they will be looking at ways to prevent damage to property owners caused by chronic flooding, erosion

problems, etc. We are happy to report that they have a staffed office located in the Town Hall and can be reached at 985-2581.

If you have any questions or concerns, please do not hesitate to contact me at 985-2262 ext. 301.
